

ODM-000 — Discovery Methodology Charter

Status: Foundational

Authority: Methodology

Depends on:

- OCS-000 through OCS-032
 - OAS-000 through OAS-031
 - OIS-000 through OIS-019
 - OGD-000 through OGD-023
-

Purpose

The Organodynamics Discovery Methodology (ODM) establishes the constitutional process through which the discipline evolves.

The Constitutional Specification defines enduring principles.

The Architectural Specification defines enduring organization.

The Implementation Specification defines enduring realization.

The Glossary preserves enduring language.

The Discovery Methodology defines how each of these may evolve without compromising the constitutional integrity of the discipline.

Discovery SHALL preserve continuity.

Evolution SHALL preserve legitimacy.

1. Objective

The objective of the Organodynamics Discovery Methodology is to provide an observable, repeatable, evidence-based process through which constitutional knowledge may be proposed, evaluated, refined, adopted, or rejected.

Methodology SHALL preserve:

Constitutional integrity.

Scientific rigor.

Historical continuity.

Transparent governance.

Independent reproducibility.

2. Scope

The Discovery Methodology governs the evolution of:

Constitutional principles.

Architectural structures.

Implementation specifications.

Canonical terminology.

Reference models.

Methodological procedures.

Future normative artifacts.

No normative artifact SHALL evolve outside an explicitly defined methodological process.

3. Discovery Philosophy

Discovery SHALL be understood as disciplined constitutional evolution.

Novelty alone SHALL not justify adoption.

Consensus alone SHALL not justify adoption.

Authority alone SHALL not justify adoption.

Every constitutional change SHALL be supported by explicit reasoning and review.

4. Methodological Principles

Every methodological process SHALL preserve:

Traceability.

Reviewability.

Evidence.

Necessity.

Reconstructability.

Accountability.

Methodology SHALL remain independent of organizations, technologies, and individuals.

5. Constitutional Evolution

Every proposed constitutional change SHALL remain explicitly distinguishable from the current constitutional corpus until it has successfully completed the defined methodological process.

Proposal SHALL never imply adoption.

6. Historical Preservation

Every methodological action SHALL become part of the permanent constitutional history of the discipline.

The methodology SHALL preserve:

Proposals.

Reviews.

Alternative interpretations.

Rejected proposals.

Accepted revisions.

Historical reasoning.

The history of discovery SHALL remain discoverable.

7. Relationship to Other Volumes

The Discovery Methodology SHALL interpret and extend the existing constitutional corpus.

It SHALL NOT supersede:

The Constitutional Specification.

The Architectural Specification.

The Implementation Specification.

The Organodynamics Glossary.

Methodology governs evolution.

It does not replace constitutional authority.

8. Verification

Verification SHALL demonstrate:

Methodological transparency.

Historical completeness.

Evidence traceability.

Independent reproducibility.

Governance consistency.

Methodological integrity SHALL remain observable.

9. Discovery Methodology Test

The Discovery Methodology satisfies this specification when independent communities, following the same methodological process, consistently reach constitutionally compatible conclusions regarding the admission, revision, or rejection of proposed additions to the Organodynamics corpus.

Conformance

The Organodynamics Discovery Methodology conforms to this specification when every constitutional evolution is supported by explicit evidence, transparent review, historical continuity, reproducible reasoning, and independently verifiable methodological integrity.

Methodological Principle

A discipline is not defined only by what it knows.

It is defined by how it learns.

The purpose of the Organodynamics Discovery Methodology is therefore not merely to regulate change, but to ensure that every future generation can continue expanding the discipline without weakening the constitutional foundations that made its growth possible.

Knowledge evolves.

The Constitution endures.

Methodology connects the two.
